VISION
The UNL Libraries system is recognized as a national leader in creativity and knowledge development, offering access to data, information and knowledge in an environment supporting discovery, reflection, synthesis and application.

STRATEGIC FOCUS
- Broker access to knowledge resources
- Foster a transformative environment for scholarship
- Create new scholarly resources and tools for teaching and research
- Collaborate with campus and global efforts to enhance teaching and learning
- Develop inspiring and functional spaces that encourage creativity, collaboration and knowledge
- Design complementary technologies in collaboration with colleges and programs
- Promote intellectual exchange within our global learning communities
- Teach students to be ethical and informed scholars
- Engage the university community in life-long learning

VALUES
- Customer service that exceeds expectations
- Curiosity, innovation and discovery
- Respect for individual differences
- Flexibility and proactivity
- Connectedness, collaborative relationships and systems thinking
